

BUDGET-PRICED RA-6 SIX SPEED DECK-LP'S & 78'S ON ONE TURNTABLE

The **RA-6** turntable is intended for budget-minded collectors of vintage records and Lp's. Included is a Sanyo magnetic phono cartridge with both a stylus for Lp's and for 78's. There is nothing else to buy. The RA-6 includes not just 33, 45, and 78 rpm (78.26), and a variable pitch control, but three other fixed speeds for older collectable discs. The listener is afforded greater ease attempting casual listening to a variety of discs. Once you begin conveniently playing "78's" at their correct pitch, you will never be able to tolerate previous "78" turntables. Recommended for medium to low priced audio systems or as a second player for 78's.

* FREE MOUNTED PICKUP W/LP & 78 STYLI

* SETTINGS FOR ANY VINTAGE DISC
