

V-3// SIX SPEED & ISIS CONTINUOUSLY VARIABLE SPEED DIRECT-DRIVE DECK

For collectors of vintage records, professionals, DJ's, and audiophiles. The V-3// includes not just 33, 45, and 78 rpm (78.26), and a variable pitch control, but three other fixed speeds for older collectable discs. For those with a need to play vertically cut discs, a built-in switch is available as an extra-cost option. The extra-cost LN option provides ultra-low hum, and 6 dB better rumble figure. The ISIS is identical to the V-3// except that it has a control for continuous speed adjustment from 60 to 130 rpm and includes the vertical/lateral switch. Phono cartridge not supplied. Recommended for both high-fidelity and vintage records.

- * BUILT-IN HOLDER FOR SPARE HEADSHELL * DIRECT DRIVE MOTOR
- * BRAKE STOPS PLATTER INSTANTLY * CUE LEVER AND MOTOR START SWITCH
- * SETTINGS FOR ANY VINTAGE DISC * STANDARD CARTRIDGE HEAD SHELLS
